Your Boy

No stimulation. No alcohol habit. Ask your doctor about Ayer's Sarsaparilla as a tonic for the young.

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol.

Beware of Quack Remedies for Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

MY DOCTOR

MIGHTY FINE

Mrs. Hattie Cain of Carrsville Thinks all the More of Her Doctor Since He Advised Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it."

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three months, and oh! how dreadfully I suffered!"

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise! I found it was the medicine for me!"

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it don't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 30 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

The special evangelistic services begun at the Third Street M. E. Church last evening were attended by quite a large and interested audience. Rev. Harrop gave a very practical and helpful sermon and the spirit of the meeting was very encouraging. Service again this evening beginning promptly at 7 o'clock. Everybody invited. At the close of the service this evening the regular meeting of the Official Board will be held and it is very important and urgent that every member be present.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the disease.

You must kill the Dandruff Germ. Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

Destroy the cause, you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

81 Bottles Guaranteed.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on pills and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know how they are all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O. To those who are still skeptical there is a way to prove these assertions without a penny of expense. Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty cent or one dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 507 Caldwell building, Monticello, Ill.

Ohio river packets will take 10,000 cases of eggs to the Pittsburgh markets for Easter.

Pittsburgh rivermen will ask for \$25,000 for improvement of the wharf at that place.

Of the 300 coalboats that went down at New Orleans during the hurricane last September 80% of the coal has been recovered.

Until the system of locks and dams is more generally in operation it is said by many rivermen that the river traffic in this section will be decreased.

The excursion steamers Island Queen and Princess, which have been in winter quarters in the month of the Kentucky river, have gone to Cincinnati and are being overhauled for the coming season.

With the excursion season drawing near, packet companies all along the river are getting their boats in condition for a busy season. Next month will be a busy one for hostyards and ship carpenters.

Captain Ben Patterson has taken command of the Greene Line steamer Courier, in the Maysville trade, succeeding Captain Jim Martin, who has taken command of the steamer Lizzie Ray in the Carrollton and Louisville trade.

IN THE GARDEN OF LIFE

Ah, when I first began to plant
Life's garden close, I did not know
(For I was young and ignorant)
What choice of seeds I ought to sow.

And many things I planted there
Alas! turned out but barren seeds,
And others died for want of care,
And many more proved noxious weeds.

But in the midstmost place of all
A little slip grew, unaware,
And it had burgeoned fair and tall
Before I knew that it was there.

Around its head the sunlight drew,
The sweet earth drew around its root,
And fairer still in form it grew
To bud, to blossom, and to fruit.

And now, so radiant it grows,
The garden is a magic power—
Spaces of perfume and of rose,
Soft-veiled with beauty and with flower.

"A BANNER WEEK"

Judging from last Saturday's business, which kept us all on the jump, this will be a banner week. Our Spring Suits are so attractive and so reasonable in price that it is a small wonder that discriminate buyers come to our shop.

The styles of our \$15 and up Suits are exclusively confined to us. Only in the high-price merchant tailor shops will you find the fabrics that we show in our spring line. A glance in our clothing window will quickly convince you that we state facts.

For the "Little Ones" we have provided a feast of styles, coupled with the very lowest prices commensurate with the quality.

Our Men's and Boys' Shoe Department more than fully deserves your patronage. Take a glance at our Shoe and Hat window; it will give you an idea of the elegance of our Shoe and Hat Departments. Please try to come in as early in the week as you can possibly make it convenient. You will avoid the customary rush that we always have a day or two before Easter.

Be sure and call for your tickets on our Victrola and Records. Should the lucky recipient not want it our Mr. D. Hechinger will give \$200 for the outfit. Very truly yours,

D. HECHINGER & CO.,

ANOTHER BUMPER TOBACCO CROP

Adams county, Ohio, which is said to have produced 12,000,000 pounds of Barley tobacco last year, is going to do even better than that this year, according to the following item from The West Union Record, which says:

"One of the leading tobacco growers of Jefferson Township, while on business nailed at this office Monday, took occasion to say that every indication pointed to there being a larger acreage of tobacco in cultivation in that township this season than has ever been known, although the crop the past year was a phenomenal one."

Is the United States alone the railroad army numbers a million men. Each year new recruits are sought because of the diminution in the ranks due to deaths and a change in vocations. Just now the big demand for railroad men in all the various lines in the Dominion of Canada has slightly decreased the supply in the United States.

Of course one of the causes for the high cost of living is wastefulness of property, and the losses by fire make a large contribution to the aggregate amount. The actual fire loss in the United States in 1907, due to the destruction of buildings and their contents, amounted to \$215,084,709, a per capita loss of \$2.51. The per capita loss in the cities of six leading European countries amounted to only 33 cents.

The situation in Congress is settling down just about to what all "conservative insurgents" hoped and wanted. The fight on Cannon is one that involves principle and the preservation of the constitutional rights of the people. HAS NARROW ESCAPE FROM SURGEON'S KNIFE

Mrs. Margaret Lambert, a reproduction of whose likeness appears above, lives at 151 Broad street, New Haven, Conn. Mrs. Lambert recently had a narrow escape from the surgeon's knife, regarding which experience she says:

"For more than five years I suffered from the worst form of stomach trouble, from which I could get no relief whatever. My case baffled all the doctors. They gave me no hope at all, and finally said my only chance lay in an operation. I experienced the utmost agony while undergoing an examination. I dreaded the surgeon's knife and was willing to do anything to avoid it.

"I was attracted by an advertisement of the Cooper remedies and decided to give Cooper's New Discovery a trial. Within a week I was feeling better, the pain having subsided considerably. Continuing the treatment I improved steadily, and in two months' time was a well woman.

"I can now eat anything I like without feeling the least distress afterward, and am enjoying better health than I have had for years. I am deeply grateful for what Cooper's New Discovery has done for me. It saved my life when the doctors had given me up.

I am the agent for Cooper's New Discovery, the medicine which accomplished so much for Mrs. Lambert. It has made a wonderful record in all parts of the country.—Thos. J. Chasoweth.
